# HAZIM KAMALEDIN

Professional Development Workshop  
for Professional Theatre/Movement Artists

Presented by **MT Space + Inter Arts Matrix**

This workshop focuses on transforming imagination into physical movement. Minimal impulses shift, grow and transform across the body in order to create different dynamic and alternative intentions. Participants learn to play with impulses of the body without falling into figurative expression, illustration or explanation. Hazim Kamaledin is an Iraqi-Belgian playwright, director, actor, percussionist and movement theatre expert based in Antwerp.
