***Writing a grant
application makes you
a better artist.***

Really: You have to articulate what you want to do, figure out who you are going to work with and where, make a timeline, a budget. And if you get the grant you actually have to do the project - make art. The more art you make the better you get as an artist – QED.

Got a grant to write?

Bring your computer and work on your grant alongside other artists. If you need to, you can ask for assistance from the on-site instructor, Isabella Stefanescu, Artistic Director at Inter Arts Matrix. Come for the day, the morning or afternoon, or just drop in for a couple of hours.

If you have project you are trying to fund, Isabella Stefanescu will talk it over with you and get you started. We might be able to help you find a suitable grant for your project. Or we can give you a hand getting an on line profile with a granting body. If you need help drawing up budget or a time-line, articulating your project, its viability or impact, we can give each other a hand. And we can proofread your application.

THIS IS A COLLABORATION BETWEEN INTER ARTS MATRIX AND COMMONS STUDIO AT THE WORKING CENTRE.
